SUBJECT : FINAL SCHEDULE OF THE CONDUCT OF FOURTH QUARTER  
NATIONWIDE SIMULTANEOUS EARTHQUAKE DRILL (NSED)  
CY 2025

In consideration of the ongoing early recovery and rehabilitation efforts in various areas affected by Typhoon Tino and Super Typhoon Uwan, and in alignment with the directives of the National Disaster Risk Reduction and Management Council (NDRRMC), this Office hereby announces the **final schedule** for the **4th Quarter Nationwide Simultaneous Earthquake Drill (NSED)** on **November 24, 2025, 9:00 AM**, at Anini-y, Antique.

This adjustment provides sufficient time and flexibility for local government units, regional offices, and partner organizations to focus on the immediate needs of affected communities while maintaining the continuity of disaster preparedness initiatives. The conduct of the NSED remains a vital activity to strengthen our collective readiness and resilience against seismic hazards, even as we work towards the restoration of normalcy in typhoon-affected areas.

Meanwhile, active participation of DRRMCs at all levels, and other government agencies/entities are strongly encouraged and advised to incorporate a scenario on the effect of tsunami as applicable.

Furthermore, all schools, offices, and other local activities are requested to be temporarily interrupted to give way for the scheduled conduct of NSED. Respective activities shall resume afterwards.

All participating agencies are requested to submit their Participation Data, as well as After Activity Report and Improvement Plan through the link/QR Code below. Report templates and other relevant documents could also be accessed through a separate link/QR Code:
