MACHINE DESIGN SUMMIT 2026

The University of the Philippines Gears and Pinions (UP GPs) will be hosting its 10th Machine Design Summit (MDS) 2026 on February 20-21, 2026. This month-long event will feature competitions, workshops, and conferences geared towards developing a holistic understanding and appreciation of mechanical engineering. During this Summit, high school learners can participate in inter-high school competitions and hands-on workshops.

With the theme, Empowering Local Industries Through Innovation, the Summit will highlight how mechanical engineering and machine design spark innovative solutions for local industry advancement and a better future for the nation. MDS 2026 will provide a platform to impart holistic and valuable knowledge in machine design to participants from different schools and universities.

The Inter-High Competition will be an opportunity to showcase both their creativity and knowledge in designing innovative post-harvest mechanization solutions in the drying stage of rice production to help alleviate food insecurity in the Philippines. To register, visit <https://forms.gle/5tV45C6QpnuqUUpB9>.
