Feliciano C. Buenafe Jr., CESO VI

Department of Education

Division of Aklan Kalibo, Aklan

Urgent Appeal for Financial Assistance for the Medical Treatment of Ms. Floradel P. Jamero

Dear Sir Buenafe,

I am writing this letter with a heavy heart to respectfully request financial assistance for the hospitalization of my beloved mother, Ms. Floradel P. Jamero, who is currently serving as an Information Technology Officer at the Division of Aklan, Department of Education.

My mother has been confined at Panay Health Care Hospital since February 13, 2026. She is currently admitted to the Intensive Care Unit (ICU) battling multiple severe health conditions. Her diagnoses include Chronic Kidney Disease (Category 3), Diabetes Type 2, Severe Pneumonia, Bilateral Pleural Effusion (fluid in both lungs), Hypoalbuminuria, and critically low potassium levels. These conditions have been further complicated by heart failure.

This is a recurring battle for our family; she was previously discharged from the hospital just last January after a similar medical episode. The current ICU confinement has placed an immense financial strain on our family. The costs intensive care monitoring, medications, and specialized doctors have rapidly escalated, and our resources are now severely depleted.

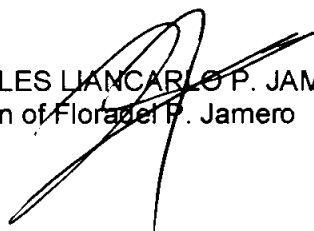

Given my mother's long-standing service and dedication to the Division of Aklan, we are humbly knocking on the doors of the office that she loves, hoping for any form of financial assistance you can extend. Any amount would be a tremendous help in settling the accumulating hospital bills and allowing us to focus on her recovery.

We are more than willing to provide any necessary documentation, such as medical abstracts, official billing statements, or doctor's notes, to support this request.

Thank you for your time, compassion, and consideration. We are praying for her swift recovery and are hopeful for your positive response.

Respectfully yours,

JULES LIANCARLO P. JAMERO
Son of Floradel P. Jamero

A handwritten signature in black ink, consisting of several overlapping loops and a long horizontal stroke extending to the right.

MEDICAL ABSTRACT

Name: FLORADEL PELAYO JAMERO Age/sex: 47/F Civil Status: MARRIED
Address: POBLACION, NEW WASHINGTON, AKLAN Ward/Room: 301 Hospital No: 00-09-097

Admission Date: FEBRUARY 13, 2026 Date discharged: FEBRUARY 20, 2026

Admitting Physician: Dr. WYNCELLE MAY ENRIQUEZ

Chief Complaints: Cough

Admitting Diagnosis: T/C CPA-MR, CKD; CHF, T/C pleural Effusion, DM II

Final Diagnosis: BILATERAL PLEURAL EFFUSION SECONDARY TO 1. COMMUNITY ACQUIRED PNEUMONIA MODERATE RISK (KLEBSIELLA PNEUMONIAE, ACINETOBACTER BAUMANNII) 2. EXTRA PULMONARY TUBERCULOSIS, (TB PLEURITIS) CONGESTIVE HEART FAILURE

ACUTE KIDNEY INJURY ON TOP OF CHRONIC KIDNEY DISEASE, ELECTROLYTE IMBALANCE: HYPOKALEMIA, HYPOALNUMINEMIA, S/P THORACENTESIS RIGHT 2-13-26

Clinical History: One week PTA (+) cough, productive of greenish phlegm, (+) 4 pillows orthopnea (+) on and off fever since three days

Laboratory Findings:

Please see chart

Course in the Ward:

- > Patient seen and examined, started with IVF, admitted
- > Medications given: referred to a nephrologist, cardiologist and endocrinologist for co management
- > Monitored closely for any untoward sign and symptom,
- > For discharge today

Disposition:

May go home today
